Sai Krishna Veerapureddy

React.js Developer | 3 Years of Experience

Madhapur, Hyderabad, India | (+91) 6303626864 | veerapareddysai@gmail.com | <u>LinkedIn</u> | <u>GitHub</u> | <u>Portfolio</u>

Summary

A highly motivated and detail-oriented **Frontend Developer** with **3+ years of experience** in designing and developing scalable web applications. Proficient in **React.js, Next.js, JavaScript (ES6+), and Tailwind CSS**, with a strong focus on building high-performance and user-friendly interfaces.
Seeking to leverage my expertise in front-end technologies and problem-solving abilities to contribute effectively to dynamic development teams.

Education

Bachelor of Technology (B.Tech)	**2018 – 2022**
Geetanjali Institute of Science and Technology	*CGPA: 6.25*
Intermediate	**2016 – 2018**
Sri Chaitanya College	*Marks: 884*
High School	**2015 – 2016**
Ratnam Global High School	*CGPA: 8.8*

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks/Libraries:** React.js 18, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, Python
- **State Management:** Zustand, Context API, useContext, React Hooks
- **Version Control:** Git, GitHub
- **Other Skills:** Authentication, API Integration, Responsive Design, Performance Optimization

Professional Experience

Frontend Developer | KARYAHUB Solutions

Hyderabad, India | May 2022 – Present

- Developed and maintained scalable front-end applications using React.js and Next.js.
- Integrated REST APIs and optimized application performance for better UX.
- Implemented modern UI/UX principles using Tailwind CSS for improved accessibility.
- Collaborated with backend teams to develop robust solutions and enhance application efficiency.
- Managed global state effectively using Zustand, ensuring seamless data flow across components.
- Basic knowledge of Node.js, Express.js, and Python, with an understanding of backend concepts and APIs.

Projects

InstaDe | Graphic Design Platform

React.js, Tailwind CSS, Python

- Developed an intuitive drag-and-drop graphic design tool for users to create professional designs effortlessly.
- Implemented reusable UI components, improving app performance and consistency.

HRM Portal | Advanced HR Management System

Next.js, Python, Zustand

- Built a feature-rich HR system for employee tracking, leave management, and payroll automation.
- Designed role-based access control (RBAC) and automated reporting tools, enhancing security.

School Management System | Role-Based School Platform

Next.js, Python, React Query

- Developed real-time dashboards, CCTV monitoring, and secure communication tools for students and parents.
- Implemented real-time attendance tracking with optimized database queries.

Areas of Interest

- Frontend Performance Optimization
- State Management , API Handling
- User Interface Development
